

Holiday Harmony

Count your blessings even though
Some nights you think you just might let go
A miracle could happen so just let it happen
In Holiday Harmony
Doo-doo-doo-dooo....doo!

Hear the singers on the street
Voices all together to that beat
Sounding like they're on some kind of holiday
Singing 'bout a brighter day that's on its way

Holiday Harmony
We can live in peace you and me
Street to street corner to corner
We can all sing together
In Holiday Harmony

Holiday Harmony
We can live in peace you and me
Street to street corner to corner
We can all come together
In Holiday Harmony
Doo-doodoo-dooo....doo!
Mmmmm.....

Spoken: And if only one prayer... tonight could be answered
My one thought...and the first choice would be
These city streets could be heaven for everybody
Not just for you and me...in a Holiday Harmony

So count your blessings and don't let go
Some day you will wake up and you will know
That miracles can happen in a holiday
Singing 'bout a brighter day that's one its way

Holiday Harmony
We can live in peace you and me
Street to street corner to corner
We can all come together in
Holiday Harmony

Holiday Harmony
We can live in peace you and me
Street to street corner to corner
We can all sing together in a
Holiday Harmony
Yeah!
